Employment

Junior Actuarial Analyst

The Economical Insurance Group

Toronto
May 2016 to August 2016

- Tested the company's online direct auto insurance line in preparation for its launch
- Modified and coordinated existing SAS programs to merge large datasets for modelling
- Generated approximate property rates and outputted them to PDFs using Excel and SAS
- Used Radar and Excel to assess competitiveness of company rates across Canada

Music Teacher

Self-employed

Vaughan
November 2014 to August 2015

- Taught young children beginner drum technique and basic sheet music interpretation
- Prepared lesson plans, worksheets and homework
- Kept the children engaged throughout the lessons
- Communicated with parents to report their childrens' progress

Construction Site Assistant

iBUILD

Toronto
June 2015 to August 2015

- Assessed safety daily at four active construction sites and built safety barriers where necessary
- Ensured preservation of completed sections of the construction projects where necessary
- Communicated with on-site tradespeople, local residents, clients, and my superiors to ensure coordination and client satisfaction
- Trusted with honestly reporting my weekly hours and the spending of company money

Volunteering

Assistant Counselor

Blackmore Summer Tennis Club

June 2011 to August 2012

- Helped manage the daily schedule of children aged 5 – 13
- Taught children basic tennis training drills and assisted counselors in running games

School Volunteer

Robbins Hebrew Academy

January 2011 to June 2012

- Assisted in classroom management in classes ranging from kindergarten to grade 8
- Moved boxes and took inventory of school supplies

Awards
